PPD – Public Policy and Development

The PPD programme aims to prepare students to become experts in designing, analysing and evaluating public policies in both developed and developing countries. It combines rigorous training in analytical and quantitative economic methods with an emphasis on policy and practice. Six renowned partners support the PPD programme, reinforcing links between researchers and both public and private decision makers: the French Development Agency (AFD), the Institute of Research for Development (IRD), the CEPREMAP, Ecole des Ponts ParisTech, EHESS and ENS. This programme is organized in close cooperation with J-PAL.

Between the M1 and M2 years, a compulsory internship takes place in an institution responsible for the design and/or the evaluation of public policies: OECD, UN, J-PAL, INSEE, World Bank, DGTPE etc.

Career opportunities: Master - non-academic positions in national administrations, international organizations (DGTPE, European Union, WTO, etc.), development agencies (World Bank, AFD, etc.), non-governmental organizations or large companies or a PhD programme
PhD - academic position in univ. worldwide, research institutions and international organisations

Load: M1 – 384 hours (including 84 hours of tutorial) & internship 2 months min. | 60 ECTS
M2 – min 288 hours & a Master’s dissertation | 60 ECTS

Deadline for applications (entering in M1 or in M2)
FIRST session: 19/03/2010  SECOND session: 18/06/2010

Economics serving society

The Paris School of Economics is a French research center of international standing in Economics, resulting from the merger of leading research and teaching institutions. PSE brings together more than 100 teachers and 350 students enrolled in general and specialized Master’s and PhD programmes taught in English. Various Masters and PhD grants are available based on social, geographical & academic criteria.
