The Role of **Hedge Funds** in Security Price Formation Process

What do we know about the role of hedge funds in capital markets? Do they bring the economy closer to an efficient allocation of resources, and asset prices reflective of fundamentals? Under what circumstances, if any, do they dampen or amplify the consequences of economic shocks?

presented by

**William Goetzmann**
Director International Center for Finance at the Yale School of Management and E. J. Beinecke Professor of Finance and Management Studies, Yale School of Management

discussion to be introduced by

**Emmanuel Boussard**
CEO, Boussard & Gavaudan
