

4th Joint French Macro Workshop (JFMW) Toulouse, June 5, 2013

The Foundation Banque de France, together with the French institutions listed below, is organizing the 4th Joint French Macro Workshop on June 5, 2013. The goal of this workshop is to bring together European macroeconomists to discuss current research frontiers on a regular basis. To encourage participation from young economists, we aim to reserve 50% of the presentation for economists who have completed their PhD's no more than 6 years ago.

Applications from economists from *all* European institutions are welcomed in all fields of macroeconomics. Theoretical and empirical contributions are equally welcome. The keynote speaker will be **George-Marios Angeletos (MIT)**.

The workshop is a one day event which will take place at Toulouse School of Economics (Toulouse) on Wednesday, June 5. A conference dinner is scheduled in the evening of Tuesday, June 4. Travel and accommodation expenses will be covered.
