

CALL FOR LONG-RUN DYNAMICS IN ECONOMICS – OLG DAYS 2023

MARCH 29TH TO 31ST

DETAILS

We invite to submit papers to the **Long-Run Dynamics in Economics Workshop 2023**, organized by IESEG School of Management (ANR MALYNES), Aix Marseille School of Economics (AMSE), EconomiX (University Paris Nanterre), Laboratoire d'Économie Appliquée de Grenoble (GAEL) and University Paris 1 Panthéon-Sorbonne/Paris School of Economics. The workshop will take place in the University Paris Nanterre – Paris School of Economics - University Paris 1 Panthéon-Sorbonne from March 29th to 31st.

- Growth and development
- Population economics (longevity, health...)
- Sustainable development and environmental policies
- History economics
- Fiscal policies and debt sustainability
- Education, human capital and labour market
- ...

TOPICS

This workshop is organized in the long tradition of the the OLG Days initiated by Philippe Michel. Submissions are not restricted to overlapping generation models, but broadly include papers in macroeconomic dynamics and quantitative theory. Working papers and works in progress are welcome.

ORGANIZATION

There is **no conference fee**, the organization committee will cover costs related to food and accommodation (two nights). Participants will cover their travel expenses, except for PhD students. We strongly encourage participants to attend the whole workshop. Moreover, we encourage participation by both junior and senior people.
