

# Adam HUYNH

## Data Science Engineer

"Having recently graduated from the engineering school Ensimag, I enrolled in the EDCBA master to add economical knowledge to my background in computer science and applied mathematics."

### Diplomas and formations

**Master in Economical Decision and Cost-Benefit Analysis** Paris School of Economics/ Ecole des Ponts ParisTech Paris, France / Since September 2021

**Engineering studies in applied mathematics and computer sciences** ENSIMAG - Grenoble INP (Graduate Engineering School - french Grande Ecole) Saint-Martin-d'Hères, France / From 2017 to 2020

Specialized in mathematical modeling, data analysis and simulation  
Obtained the MASTER diploma in 2018

**Double Degree : Data Science** MSIAM Grenoble / From 2019 to 2020

**Preparatory classes : two-year intensive course in mathematics and physics** Cycle préparatoire polytechnique INP de Toulouse Labège, France / From 2015 to 2017

### Professional experiences and Projects

**Internship : Assistant Data Analyst** Tesla Amsterdam, Netherlands / From March 2020 to September 2020

Study of the performances of machine learning tools as part of Tesla's data analysis process. Development of a sales forecast model.

**Project : Implementation of a compiler** Ensimag St-Martin d'Hères, France / From January 2019 to February 2019

Implementation of the compiler of a Java-like pseudo language. Done as a group project, following the agile SCRUM development method.

**Internship: Assistant Data Scientist** Artips Paris, France / From June 2019 to August 2019

Development of data analysis tools using Unsupervised Machine Learning. Gained experience working in a start up environment.

**International : 3 month exchange** Elsa-Brändström Schule Hannover, Germany / From April 2013 to July 2013

Student exchange, immersed in a german high-school. Discovery of Germany and of its culture.

### Skills

#### Social

Formerly an elected member of the Student Union (or its french equivalent) and member of several cultural associations, I enjoy working as part of a group.

#### Communication

Capable of speaking in front of others with ease, I enjoy sharing and debating my ideas with others

#### Leadership

Despite my lack of experience, I have an interest in management techniques. I strive to be a positive driving force in any group I am a part of.

📍 8 rue Théophile Gautier, Montrouge 92120, France

☎ 06 95 04 83 05

### Languages

#### English

Perfectly fluent in English, both written and oral. Passed the TOEFL and the TOEIC with a perfect score (990/990)

#### German

Highly competent in German, thanks to a Brigitte Sauzay student exchange in high-school. Owner of the german Abitur diploma

### IT Skills

#### Python

#### Java

Good mastery of Java and its IDE Eclipse

#### C, C++

As well as SQL, RStudio, Scilab, assembly language ...

### My +

I regularly take part in a data analysis/machine learning projects in the form of competitions on the Kaggle platform. This allows me to perfect my skills and to discover practices not studied in my academical formation.

### Hobbies

#### Snowboard and Ski

#### Karaté

#### Art-house movies
