WORK EXPERIENCE

2019 **Rothschild & Cie**, Paris, France, intern

5 months Global advisory on mergers and acquisitions, initial public offering, debt and asset management.

I developed a database for partners on European banks trading comparables for business and gave a quantitative support for real estate and banking transactions.

2019 **Michelin**, Clermont-Ferrand, France, intern

5 months Value creation of the worldwide R&D portfolio: risk analysis and modeling, market analysis, portfolio management.

I designed a decision support tool to prioritize investments in R&D projects (internal projects and start-up acquisitions). I modeled the risk using Monte Carlo simulations and other statistical tools.

2018 **Accuracy**, research consultant

5 months Research project on how to implement real options in investment strategies for public football club.

The main result of my study was to consider players and training centers as mixed options.

2013 / 2015 **Togolese table tennis national team**

- Participated in the 2013 World Table Tennis Championship.
- Participated in the Games of La Francophonie.
- Sponsored by Decathlon Europe.
