

D-TEA (Decision: Theory, Experiments, and Applications) 2021

Determinants of Utility

Program

June 28-July 2, Paris and elsewhere

D-TEA is dedicated to the memory of Philippe MONGIN

The conference venue is the

Paris School of Economics
48 Boulevard Jourdan, 75014 Paris

The geographical location of the speakers while giving their talks is not fully determined. The best guesses we have were the main consideration in scheduling. We believe that about 70% of the talks will be given online.
