

Workshop on bounded rationality

May 30-31, 2013

Paris School of Economics
48 Boulevard Jourdan, 75014 Paris, France

Thursday, May 30

09:30- 10:30: **Philippe Jehiel** (PSE and University College London):

"Opening Remarks on Modeling Bounded Rationality"

10:30 - 11:30: **Ran Spiegler** (School of Economics, Tel Aviv University and Department of Economics, University College London)

"Competitive Framing"

Coffee Break

12:00 - 13:00: **Matthew Rabin** (University of California, Berkeley)

"Base-Rate Neglect: Model and Applications"

Lunch

14:00 - 15:00: **Pierpaolo Battigalli** (Università Bocconi)

"Selfconfirming Longrun Biases"

(Joint with Simone Cerreia-Vioglio, Fabio Maccheroni and Massimo Marinacci)

15:00 - 16:00: **Olivier Compte** (PSE)

"Strategy restrictions and limited knowledge"

Coffee Break

16:30 - 17:30: **Colin Camerer** (California Institute of Technology)

"Irrational Exuberance and Fear in Experimental Price Bubbles: fMRI Evidence"

Friday, May 31

09:30- 10:30: **Andrei Shleifer** (Harvard University)

"Competition for Attention"

(Joint with Pedro Bordalo and Nicola Gennaioli)

10:30 - 11:30: **Erik Eyster** (LSE)

"Asset Markets where Traders Neglect the Information Content of Prices"

(Joint with Matthew Rabin and Dimitri Vayanos)

Coffee Break

12:00 - 13:00: **Ignacio Esponda** (Stern School of Business, New York University)

"Steady-State Learning in Bayesian-Markov Decision Processes"

(Joint with Demian Pouzo, UC Berkeley)

Lunch

14:00 - 15:00: **Vincent Crawford** (University of Oxford)

"Efficient Mechanisms for Level-k Bilateral Trading"

Coffee Break

15:30 - 16:30: **Tomasz Strzalecki** (Harvard University)

"Behavioral Competitive Equilibrium and Extreme Prices"

(Joint with Faruk Gul and Wolfgang Pesendorfer)

16:30 - 17:30: **Ariel Rubinstein** (Tel Aviv University & New York University)

"Complex Questionnaires"

(Joint with Jacob Glazer, Tel Aviv University & the University of Warwick)
